Teacher Assessed Grades – Evidence Baskets

Key Stage 4 Subjects

This document details the pieces of evidence for each KS4 subject that will be used to determine the GCSE Teacher Assessed Grades (TAGs). These pieces of evidence are referred to as the 'evidence basket'. Once internal moderation has taken place and the College has undertaken its quality assurance process, these TAGs will be submitted to the exam boards.

Please be aware that the evidence basket for each subject varies significantly due to the nature of each subject: each subject has different units and components and different numbers of assessments have been carried out. It is therefore not possible to compare the evidence basket between subjects, there are too many differences.

For your information, NEA stands for 'Non-Examined Assessment', previously known as coursework.

The evidence basket for each KS4 subject is listed below, alphabetically.
