Dear Parent / Carer

## RE: COVID-19 (Coronavirus) – Updated Information and Advice for Parents and Carers

I always begin my letters by saying that I hope you are all well. Sadly, from the contact that we have had with home, we know that many of you have suffered the loss of a family member or a friend, through Covid-19. Our thoughts and prayers are with you all at this very difficult time.

Following on from my last email, I am writing to inform you that I have received a letter from the Director of Education for Cheshire East, Jacky Forster, updating us on the meeting of Cheshire East Cabinet Members, who met yesterday to consider a position statement on the phased wider opening of schools. Cabinet members considered the various concerns raised by early years' settings, schools, parents, unions and dioceses, and they have proposed that a careful and staged approach is taken to the wider opening of schools from 1 June. In summary, Cabinet recommend that from 1 June schools take two weeks to ensure they are confident with arrangements and for staff to be familiar with new working practices. There will then be a phased return of certain pupils from 15 June. Details of Cheshire East's approach is outlined in the attached letter for parents and carers.

Unfortunately, we are still awaiting clarification from the Government as to how secondary schools are able to offer the 'face-to-face' support for Year 10 and 12 students, to 'supplement remote education', as mentioned in last week's DfE guidance. Headteachers were told that this would be available to us last week, at the same time as guidance was given to primary schools, but it is yet to arrive.

We are continuing with our current in-school support for the children of key workers and other priority students, and on-line provision for all others. We are also reviewing best practice across the College, identifying which strategies are working well in engaging students, and which are not as effective. I will be sharing more information about this soon. In the meantime, please do remind your child that their Form Tutor will be making contact with them again soon, just to check-in, and ask after their well-being – they must respond to their Form Tutor's message.

I have received some lovely messages of support this week, recognising what uncertain times we are living in, and how we are all working together, just doing our very best. As always, your feedback and continued support is much appreciated, and if you do want to contact me about any issue, please email me at [principalpa@allhallows.org.uk](mailto:principalpa@allhallows.org.uk)

God Bless

Tim Beesley

20 May 2020

Dear Parent/Carer

## **Phased wider opening of Cheshire East schools, colleges and early years settings**

Following the announcement by the Prime Minister on 10 May, we are writing to let you know that Cheshire East Council is working tirelessly with all education settings to start to plan for a safe, phased wider opening which takes into account the national guidance.

The government has announced its roadmap towards recovery, including plans for the phased return of some children to early years and education settings from 1 June.

Covid-19 has brought with it stress, uncertainty and anxiety for us all, including our children. We need to make sure any return to settings, schools and colleges is safe for children's physical and emotional well-being.

We have considered a local approach on how to implement the [government guidance](#) across Cheshire East in a manner that enable schools, parents and pupils to adapt to new arrangements in a managed way. We will be encouraging all schools, colleges and early years settings to follow this approach.

We are working with all education settings to make sure that any way forward is safe for everyone. It is clear that any return for children and young people will not look the same as before Covid-19, as the pandemic has changed things for us all both in the short and longer term. There will need to be consideration of how we best support children and young people through this period.

We are working closely with the Cheshire East Parent Carer Forum to consider the approach to a phased starting back for children and young people with an Education, Health and Care Plan ensuring it is safe and appropriate based on an individual risk assessment for each child. Similarly, social workers will agree the phased return of children and young people they support with schools and parents.

There will be no pressure on parents to send their children to school and no fines applied to parents who decide to not send their children to school although we would encourage all parents to support this approach and consider how their child may start to transition back in to their education setting.

The priorities for young children on starting back at school will be getting used to new school routines with an initial focus on mental health and wellbeing. We ask that you be mindful that the offer from schools will not be a return to the full curriculum and timetable.

We would like to thank our schools who have been able to support remote education opportunities over recent weeks and will continue to do so for those pupils who are not yet

**OFFICIAL**

returning to school. However, again we would ask that you are aware that the availability of teaching staff will be reduced as they start to support those pupils who are attending their early years setting, school or college.

We are very aware of the anxiety of parents, children and young people and staff in schools and once again we can assure you that we will only move to a wider opening of schools where we are confident that the risk management arrangements and planning that has been put in place make it safe to do so.

The local arrangements are set out in Appendix 1 and we will publish any changes on the council website [www.cheshireeast.gov.uk](http://www.cheshireeast.gov.uk)

In the meantime, please stay safe

Jacky Forster  
Director of Education  
Families

Mark Palethorpe  
Executive Director of People

Cllr Kathryn Flavell

## Appendix 1: Cheshire East Approach to phased wider opening of schools

**We are proposing that the wider opening of schools, colleges and early years settings will take place from the 1 June but in a phased approach** to enable pupils and staff to manage the implementation of significant changes to working practice with smaller numbers of pupils. Only increasing the number of pupils as confidence develops and new working practices become embedded.

The approach will be monitored, and we reserve judgement to make changes if further guidance or evidence suggests changes need to be made.

There will be no pressure on parents to send their children to school, college or early years setting and no fines applied to parents who decide to not send their children to school although we would encourage schools to share with parents the safety measures they have in place so that they can make an informed decision. Schools should encourage parents to support this approach and consider how their child may start to transition back in to their education setting.

For children with an Education, Health and Care Plan return to education will be discussed with individual parents with consideration about how best to support their child to return and the appropriate phasing of attendance.

Should any of the phases prove to need further time to settle this will be reviewed and change made to delay the next year group returning if appropriate.

### Cheshire East phased approach to wider opening of schools

#### Early Years Setting

Week Commencing	School open to cater for following groups:
1 June	Children of Key Workers Vulnerable Groups* Staff preparing site, classrooms, and briefings and testing arrangements.
15 June	All eligible nursery aged pupils welcome but places limited based on space and staffing capacity.

#### Prioritisation of Nursery Places should be as follows:

Children of Key Workers

Eligible vulnerable Children (those who have a Social Worker or Family Service Worker) \*

Children with an Education, Health and Care Plan. \*

Other children based on enabling parents to return to work

*\* DfE are encouraging all eligible children to attend, they now advise it is no longer necessary for parents of eligible children to keep them at home if they can. However, there will be no pressure on parents that their children need to attend, although schools will share with parents the safety measures they have in place and encourage attendance.*

#### Primary Schools

Week Commencing	School open to cater for following groups:
1 June	Children of Key Workers Vulnerable Groups* Staff preparing site, classrooms, and briefings and testing arrangements.
15 June	Children of Key Workers Vulnerable Groups* All eligible nursery aged pupils welcome but places limited based on space and staffing capacity. (See above prioritisation)

	All Reception pupils
22 June	Children of Key Workers Vulnerable Groups* All eligible nursery aged pupils welcome but places limited based on space and staffing capacity. (See above prioritisation) All Reception pupils All Year 1 pupils
29 June	Children of Key Workers Vulnerable Groups* All eligible nursery aged pupils welcome but places limited based on space and staffing capacity. (See above prioritisation) All Reception pupils All Year 1 pupils Year 6 pupils – where the school still has enough space to do so with social distancing in place. This may vary between schools due to constraints of school buildings and staffing capacity. Schools should however as a minimum offer sessions to allow pupils to say goodbye, celebrate their achievements and support them in planning for transition
At this point we do not envisage a full return of all year groups by the end of the summer term.	

### Secondary schools

Priority will be given to increasing places to Key Worker's children and eligible vulnerable children (those who have a Social Worker or Family Service Worker) with effect from 1 June. \*

From 1 June, additional staff preparing site, classrooms, and briefings and testing new arrangements.

A position on face to face contact for year 10 and 12 pupils will be considered on receipt of further guidance from the DfE due later this week. In the mean time we would expect any face to face contact to be by live on online conference calls.

### Colleges

Colleges will offer where possible face-to-face support for a small number of learners from 1st June on a risk assessed basis. Colleges have been providing learners with access to remote learning and will continue to do so over the coming months.

### Special Schools

Pupils will be encouraged to return to school based on review of their individual risk assessment. Priority will be given to increasing places to Key Worker's children and eligible vulnerable children (those who have a Social Worker or Family Service Worker) with effect from 1 June. \*

Schools will consider a phased approach to support a wider opening to children and young people which enables small groups to adjust to changes where this is appropriate from 15 June. Special Schools will steadily increase pupil numbers prioritising key transition groups. Schools will need to ensure social distances can be facilitated as far as possible, taking into consideration the staffing levels needed to support the pupils within each classroom.

***Independent schools and alternative providers should follow the approach by phase of school above.***

***Out of borough schools are likely to need to follow their own local authority advice***
